What at first promised to be mere
 ly a miserable melange of sleet, snow
 and rain last night later developed
 into one of the most destructive bliz-
 zards ever recorded in this section
 of the state and, from the meagre
 reports at hand, probably one of the
 most severe Kansases ever known.
 Telegraph and telephone wires lead-
 ing in all directions from Topeka went
 down beneath their load of sleet
 and snow late in the night and the
 city awoke this morning to find it-
 self practically isolated from the
 outside world. 2-23-15
